

RIVERSIDE COUNTY
TRANSPORTATION COMMISSION

Feb 8, 2013

Ms. Cathy Bechtel

Subject: Mid County Parkway Project

My Comments about the Mid County Parkway Project is for one thing, we don't need it. I live close to and drive Ramona Expressway all the time it is not congested going in either direction

P-8-1

If the Parkway project is built, it will not protect the environment or quality of life in this area, it will surely damage it. There are many species of birds, plants and wildlife that would never be impacted negatively.

P-8-2

It would be tragic to encroach & take away the wetlands, floodplains or historic properties.

Riverside County has to make plans to leave an area open for rural living and species before it is all used for roads & buildings. Then it will be too late.

P-8-3

There are other ways to get to San Jacinto/ Hemet from Perris Hwy 74 + Gilman Hot Springs Rd.

One option would be reopen DAVIS Rd. It connects Moreno Valley & Riverside to Ramona Expressway. It would save a lot of money for taxpayers

P-8-4
