Reference: EIR / EIS
Mid County Parkway

Dear Ms. Bechtel,

We are writing in regard to the proposed Mid County Parkway. We are current residents of the Lake Mathews area and plan to retire at our current residence. After reviewing all of the proposed alternatives, it is clear to us that Alternative IX is the better choice. Based on the alternatives available, we urge you to pick or vote for Alternative IX.

After reviewing all of the available alternatives it is obvious that Alternative IX has the least impact to the surrounding area and residents. Of equal importance Alternative IX is the most affordable. For these reasons, we, again, urge you to make the right selection, which is clearly Alternative IX.

Thanks for your time and in advance for making the right selection – Alternative IX.

Best Regards,

Kevin R. & Karly G. Gaynor
