I have a need for my Prop + Home.
I have worked for Government and have
Retired. I care for my sister and
Brother's + Daughter which are disabled.
I do not them to be put in a
converesent Home or a small apt
that is small to get around in.
I have kept up mornning on Rode and
Properties for my Community
I do not want to Just to pick up
and move and Relocate after
years.

I have grand children's that would
also would have to find a new school
and relocate this is a hard spip for all
in the Vellies of Riverside County.
our Communities do not want this
Project of the mid County park way
enveromental process. we care more
about our public then the draft.

Thank you.
