(Late Comment)

Kent,

Although the information in this e-mail includes some questions in which I have to answer below, I believe that some of the general items merits inclusion as a comment.

Thank you.

Good morning,

Thank you for your comments. We will make sure that your comments are included in the Final Environmental Impact Report (EIR). We can also place you on a mailing list to be notified of any future World Logistics Center public hearings/meetings.

We have just completed the public comment period on the Draft Environmental Impact Report for the proposed World Logistics Center project. The public will also have the opportunity to be involved in future public hearings at the Planning Commission and Council levels before a decision is reached on the project.

I believe that the Saturday meeting that you are referring to below is a meeting organized by members of the community, and not by the City. In order to include your name on the City's interested parties list to receive project related information regarding future hearing dates, please provide your full address to where information can be sent by mail.

Thank you.

Mark:

Thank you for your letter and the information regarding the proposed WLC. I live in the golf course community on Cactus and Moreno Beach Drive and am very concerned about this project and the way it will impact my (and my family's) quality of life. I moved from LA 10 years ago for this same reason; to live in a nice community. I'll be sure to attend Saturday's meeting. In the interim question is. Can we, Moreno Valley residents, do anything about it? Do we have a say in whether this project flies or not? Or is it a done deal? Anyway, I'm sure I'll find out on Saturday. Please send me more information or let me know what I can do to get better informed. I'm truly concerned.

Sincerely,

Ana Hernandez, Investigator
