RE: World Logistics Center Project Draft  
Environmental Impact Report (SCH #2012021045)

Dear Mr. Gross:

My husband and I object to the City's approval of the World Logistics Center Specific Plan, General Plan, Amendments and Development Agreement because of the environmental and property value issues. There are three schools in our area where the children would be breathing the toxins from the trucks roaring down the streets.

We also have a lot of seniors in our area. We moved to Moreno Valley because it was a nice quiet place to live. It will not remain so if the warehouses that Mr. Benzeevi wants to build are allowed.

We would like to be placed on the mailing list for future notices regarding this project. ([lbkilday@msn.com](mailto:lbkilday@msn.com))
