Hello Mr. Montti,

Thank you for your attendance at last evening's public meeting for the proposed Mid County Parkway project. I was told you were interested in receiving maps of our proposed alignments in the vicinity of Redlands Avenue, Wilson, and Placentia. Attached are three maps showing each of our draft alternatives in proximity to your neighborhood. It appears that there may be only a sliver acquisition needed to one parcel if Alternative 5 is selected. I need to emphasize that our alignments are draft and we do not yet have project approval. As you know, we are in the public review period for our draft recirculated environmental document and welcome written comments on the project. As a reminder, the project website is www.midcountyparkway.org and the comment period closes on March 11, 2013.

Sincerely,
Cathy Bechtel
