Comments:

this freeway is way overdue.. like all planning in socal,, if its not done there will be home builders that build cookie cuter houses before roads are put in to support the existing framework.

P-22-1

and yes it should go to the 15 since theres nothing in the way ..

P-22-2

there is no reason for this not to be done already.

P-22-3

i saw many accidents on gilman springs and ramona express and many crosses on the side of the road...! one way nightmares

gilman springs needs an extra lane ..

P-22-4

Comments:

I should be in charge of this...

do it . save lives. less stop and go traffic that causes smog. help the truck drivers that get passed for going 50mph. the highway patrol using passing lanes as speed traps. stop waste full stop lights on ramona express.

P-23-1
