Dear Ms. Bechtel,

So the parkway will be like the US highways in central NJ (Rts:22, 3, 46, 1-9 etc) and like what's seen in much smaller scale here in the San Diego area (Friars Rd, Pacific Hwy, Fairmont Ave (express section) La Jolla Village Dr and a couple other roads)? I can hardly wait! Please send any artist/designers drawings or pictures that are created as the project develops..

And thanks for responding...

Cliff J
SanDiego

Thank you for your email, Mr. Jones. The proposed parkway is planned to be a freeway-type facility with three lanes in each direction and on and off ramps at various locations along the facility. Signage for the project will meet all the required standards per the California Highway Design Manual at the time of construction.

Thank you for the updates. Just a couple questions: Will the new parkway have CA/green comprehensive signage for parkway name/destination? Also, is the parkway more street, freeway or hybrid highways (high-speed streets with full and partial interchanges) like the US routes in NJ and seen in San Diego area?

P-3-1

Thanks for your swift response...

SUBJECT: CONTINUING INFORMATION ABOUT THE MID COUNTY PARKWAY PROJECT

This email letter is being sent to you by the Riverside County Transportation Commission (RCTC) as a result of your signing up on our Mid County Parkway website or providing your email address to receive ongoing information about the proposed Mid County Parkway.

The Mid County Parkway is a proposed 16-mile transportation corridor between SR-79 in San Jacinto and I-215 in Perris.

The preparation of a Recirculated Draft Environmental Impact Report/Supplemental Draft Environmental Impact Statement (RDEIR/SDEIS) is complete and has been released to the public. [Please click here for the most recent newsletter.](#)

If you wish to comment on the RDEIR/SDEIS, you must do so by March 11, 2013. Comments can be submitted online at www.midcountyparkway.org, at the public hearing that will be held for the Project, or in writing to RCTC. The Public Hearing for the project will be held on February 20, 2013 from 5 p.m. to 8 p.m. at Lakeside Middle School, 27720 Walnut Street, Perris, CA 92571.

Following the comment period, a Final Environmental Impact Report/Environmental Impact Statement (Final EIR/EIS) will be prepared that includes responses to the comments. The Final EIR/EIS will also identify a preferred alternative.

Thank you for your continuing interest in the Mid County Parkway.

Cathy Bechtel
