Please expedite the MCP project to improve the East / West travel options available to the San Jacinto Valley, and the overall region. I've lived in San Jacinto for 8+ years, and find the need for better transportation options a high priority to keep us in the area. P-31-1

Comments:

We often come and go through central Riverside county, visiting family and friends and traveling. Please know that we fully support this most necessary mid county parkway project for the continued development and safe growth of the county. Thank you. P-32-1
