Comments:

This is a long over due project that I am anxious to finally see completed. The relief in congestion will allow me to reconsider traveling to Riverside for many things. Currently I avoid Riverside as much as possible. Hopefully the construction will progress quickly.

Again.....the East/West Freeway from Banning to Newport Beach will have the same development potential as the installation of the Freeway from San Bernardino to L A, and on.....Millions of people and thousands of businesses will follow, and new communities, business and population centers will result.....another Bonanza !
