Comments:

I think this area is in need of this parkway. It is hard enough to get in and out of the area. Think of the positive aspects this project could bring. 1. Decreasing congestion which will 2. decrease smog 3. Make it more accessible for tourism to the valley 4. Bring in much needed jobs. I am so tired of persons with personal agendas not giving the valley a chance to grow. Don't you think it is time for improvement and growth? I do.
